I-2 Parties involved

► **Management company:**

The management company was authorised on 17.01.91 by the French Financial Markets Authority (AMF) under number GP 91004 (general licence).

LA FINANCIERE DE L'ECHIQUIER
53, avenue d'Iéna
75116 Paris

► **Depository and custodian:**

Identity of the depository of the UCITS:

The appointed depository is BNP Paribas Securities Services SCA, a wholly-owned subsidiary of BNP Paribas SA, located at 9, rue du Débarcadère 93500 PANTIN (the "Depository").

BNP Paribas Securities Services SCA is a licensed bank incorporated in France as a Société en Commandite par Actions (partnership limited by shares) under No.552 108 011, authorised by the Autorité de Contrôle Prudentiel et de Résolution (ACPR) and supervised by the Autorité des Marchés Financiers (AMF), with its registered address at 3 rue d'Antin, 75002 Paris.

Description of its duties and of conflicts of interest that may arise:

The Depository exercises three types of responsibilities, namely the oversight of the Management Company (as defined in Art 22.3 of the UCITS V directive), the monitoring of the cash flows of the UCITS (as set out in Art 22.4) and the safekeeping of the UCITS assets (per Art 22.5).

The overriding objective of the Depository is to protect the interests of the holders / investors of the UCITS, which always prevail over any commercial interests.

Conflicts of interest may arise if and when the Management Company or the UCITS maintains other business relationships with BNP Paribas Securities Services SCA in parallel with an appointment of BNP Paribas Securities Services SCA acting as Depository. For example, BNP Paribas Securities Services SCA could as well as acting as Depository also be providing the UCITS or the Management Company with fund administration services, including net asset value calculation.

In order to address situations of conflicts of interest, the Depository has implemented and maintains a management of conflicts of interest policy, aiming at:

- Identifying and analysing potential situations of conflicts of interest;
- Recording, managing and monitoring the conflict of interest situations either in:
 - Relying on the permanent measures in place to address conflicts of interest such as maintaining separate legal entities, segregation of duties, separation of reporting lines, insider lists for staff members;
 - Implementing a case-by-case management to (i) take the appropriate preventive measures such as drawing up a new watch list, implementing a new Chinese wall, making sure that operations are carried out at arm's length and/or informing the concerned client, or (ii) refuse to carry out the activity giving rise to the conflict of interest.

Description of any safekeeping functions delegated by the Depository, the list of delegates and sub-delegates and any conflicts of interest that may arise from such a delegation:

The depository of the UCITS, BNP Paribas Securities Services SCA, is responsible for safekeeping of the assets (as defined in Art 22.5 of 2009/65/CE Directive modified by 2014/91UE Directive named the "UCITS V directive").

In order to provide custody services in a large number of countries allowing UCITS to meet their investment objectives, in addition to its large proprietary network, BNP Paribas Securities Services SCA has appointed entities as delegates for sub-custody functions in countries where it has no direct local presence. These entities are listed in Appendix <http://securities.bnpparibas.com/solutions/asset-fund-services/depositary-bank-and-trustee-serv.html>

The process of appointing such delegates and their continuing oversight follows the highest quality standards, including the management of any potential conflict of interest that should arise from such an appointment.

Liability accounting: Liability accounting is performed by the custodian BNP PARIBAS SECURITIES SERVICES. The units are administered under Euroclear France.

Voting rights: As the fund is an undertaking for collective investment in transferable securities, no voting rights are attached to the units held. Decisions concerning the fund are taken by the management company in the interest of the unitholders.

Type of units: Bearer units.

Decimalisation of units: Subscriptions and redemptions are admissible in thousandths of units.

► **Period-end date:**

Last trading day on the Paris stock market in December each year.

► **Information on the tax regime:**

This prospectus is not exhaustive of all possible tax consequences for each investor of subscribing, redeeming, holding and selling fund units. These consequences will vary in line with prevailing laws and practices in the country of residence, domicile or incorporation of the unitholder(s) as well as on the basis of his/her/its personal circumstances.

Depending on your tax regime, your country of residence, or the jurisdiction from which you invest in this fund, any capital gains and income from holding fund units may be subject to taxation. You should consult a tax adviser as to the possible consequences of buying, holding, selling or redeeming fund units under the laws of your country of tax residence, ordinary residence or of your domicile.

Neither the Management Company nor the promoters accept any responsibility whatsoever for the tax consequences that may arise for investors as a result of a decision to buy, hold, sell or redeem fund units.

The fund offers four capitalisation units; all unitholders are advised to consult a tax adviser regarding the regulations applicable in the unitholder's country of residence, having regard to the rules pertaining to his/her/its particular circumstances (individual, legal entity subject to corporation tax, other situations...). The rules applicable to French resident unitholders can be found in the French General Tax Code.

The Echiquier Agressor Partage unit is a donation unit. Echiquier Agressor Partage unitholders do not enjoy any tax breaks in return for any donations made by the fund.

In general, fund unitholders should consult their tax adviser or their usual account manager to determine the tax rules applicable to their particular circumstances.

Pursuant to U.S. tax regulations, commonly referred to as FATCA (Foreign Account Tax Compliance Act), Unitholders might have to provide the Management Company or its agent with some information, including without limitation, identification

information such as personal identify and places of residence (tax residence and domicile) in respect of each undertaking for collective investment, to ensure that the "US Person" are identified within the meaning of FATCA.

This information may be provided to the United States tax authorities by the French tax authorities.

Failure by any Unitholder to comply with this requirement could result on a 30% withholding tax levied on US sourced cash flows. Notwithstanding any diligences carried out by the Management Company in respect of FATCA, Unitholders are encouraged to ensure that the broker they used to invest into this AIF qualifies as Participating FFI.

II-2 Specific clauses

► Classification:

EU-COUNTRY EQUITIES

► Investment objective:

ECHIQUIER AGRESSOR is a dynamically managed fund seeking long-term performance through exposure to European equity markets.

► Benchmark index:

The MSCI EUROPE Index is a benchmark for the management of Echiquier Major. This index represents the share markets of Europe's most developed countries. It is calculated in EUR, with dividends reinvested.

► Investment strategy:

1. Strategies used

- The fund manager focuses on equity markets in the European Union. Echiquier AGRESSOR is exposed to European small, medium and large caps.

The management of the fund is based first and foremost:

- on a rigorous selection of securities known as stock-picking, with the stocks chosen as a result of implementing a process involving direct meetings with the companies in which the fund invests.

Next is a fundamental analysis of each stock, based on an internally developed rating according to five criteria, which are:

- the quality of management of the company;
- the prospects for growth in its sector;
- the quality of its financial structure;
- the visibility of future profits of the company;
- the speculative aspect of the stock.

The calculated values are used to set the purchase price and selling price targets based on a medium-term valuation.

The chosen stocks are thus subject to a very selective and qualitative process. The methodology involving setting a purchase price and a selling price allows the fund manager to position assets in stocks that show future market growth potential.

- then, on securities trading operations so as to profit from short-term market movements.

- Depending on market trends and situations, ECHIQUIER AGRESSOR may also invest up to 25% of its net assets in investment grade bonds.

- Lastly, within the context of the fund's cash management, it may invest:

- up to 25% of its assets in investment grade negotiable debt securities
- up to 10% of its assets in units or shares of French and/or European UCITS in units or shares of Non professional alternative funds.

ECHIQUIER AGRESSOR may use derivative instruments as part of equity market risk hedging and exposure and, on an exceptional basis, as part of currency risk hedging.

2. Assets (excluding derivatives)

A/Equities

ECHIQUIER AGRESSOR has exposure of at least 60% to European equities and no more than 10% to non-European equities. The fund has maximum equity risk exposure of 100%. It should be noted that 75% of fund assets are always invested in equities (over the past 5 years, the average investment rate was slightly over 94%, with the minimum and maximum rates of equity investment being 86% and 99%, respectively).

The fund is exposed to European small, medium and large caps.

The rigorous selection of securities and trading operations do not meet any geographical or sectoral allocation objectives aside from the restrictions referred to above.

B/Debt securities and money market instruments

Depending on market trends and situations, ECHIQUIER AGRESSOR may invest up to 25%:

- in negotiable debt securities. The longest maturity of debt instruments used in the fund's cash management is 5 years. Short-term securities used as such benefit from a short-term Standard & Poor's investment grade rating, or an equivalent rating by another ratings agency. Up to 10% of the fund's assets may be invested in "speculative" or unrated negotiable debt securities.
- in bonds. Within this framework, special attention is paid to the credit quality of corporate issuers. Eligible securities are investment grade, i.e. have a Standard & Poor's minimum BBB- rating or equivalent or considered as such by the management team. The longest maturity of bonds is 10 years. A marginal percentage of the fund's assets may, however, be used to acquire bonds with a maturity in excess of 10 years. Up to 10% of the fund's assets may be invested in "speculative" or unrated bonds, and are subject to monitoring by the internal research team at LA FINANCIERE DE L'ECHIQUIER. Management sets no limits in the breakdown between sovereign and private issuers.

When the securities are acquired or during monitoring the credit risk assessment is based on internal research and analysis of La Financière de l'Echiquier and on the ratings provided by the rating agencies.

When securities are speculative or unrated, their issuers belong to groups followed by the internal research unit at La Financière de l'Echiquier.

The aforementioned ratings are those used by the fund manager at the time of initial investment. Should the rating deteriorate during the investment period, the fund manager will analyse each situation on a case-by-case basis and decide on whether or not to retain the holding in question. The investment limits set according to the risk assessment of credit rating agencies can be slightly modified depending on the management team analysis.

3. Investment in units or shares of other Undertakings for Collective Investment

Up to 10% of the fund assets may be invested in units or shares of French and/or European coordinated UCITS or non-coordinated UCITS. These will be funds of any AMF classification. The fund may invest in UCITS managed by the management society or by a linked society.

4. Derivative instruments

The fund may deal in futures traded on European regulated, unregulated and/or over-the-counter markets. Within this framework, the fund may take positions:

- in order to hedge the portfolio against equity market risk and, on an exceptional basis, against currency risk.
- in order to expose the portfolio to equity market risk in line with the investment objective.

The following instruments are used:

- index futures
- options on securities and indices
- currency options and futures

These transactions are limited to 100% of the fund's assets. Financial instruments are entered into with intermediaries selected by the management company that have no say on the composition or management of the Fund's portfolio.

5. Securities with embedded derivatives

The manager can invest in securities with embedded derivatives (warrants, subscription certificates, convertible bonds, etc.) traded on regulated or OTC markets. No rating constraints apply to convertible bonds.

Under this framework, the manager can take positions with a view to covering and/or exposing the portfolio to business sectors, geographical regions, bonds, equities (all capitalisations), currencies, securities and assimilated marketable securities or indices with the aim of achieving the management objective.

The use of securities with embedded derivatives, rather than other derivative instruments mentioned above, is justified notably by the manager's aim to optimise hedging or, if necessary, to stimulate the portfolio by reducing the cost associated with the use of these financial instruments in order to achieve the management objective.

In all cases, investments with embedded derivatives must not exceed 10% of net assets.

The risk associated with the type of investment is limited to the amount invested for the purchase.

6. Deposits: None

7. Cash borrowing

The fund may borrow cash. Without aiming to be a structural cash borrower, the fund may find itself in debit temporarily due to transaction-related cash flows (ongoing investments and divestments, subscriptions/redemptions, etc.) up to a limit of 10%.

8. Temporary purchases and sales: None

► Risk profile:

Your investment will be made primarily in financial instruments selected by the management company. These instruments are subject to market changes and risks.

Capital risk: Yes.

The loss of capital arises when a unit is sold at a lower price than its purchase value. Unitholders are informed that the capital initially invested may not be returned. The fund has no capital guarantee or protection.

Equity risk: Yes.

ECHQUIER AGRESSOR has exposure of at least 60% to equities. If the equities or indices to which the portfolio is exposed decline, the net asset value of the fund could fall.

On small- and medium-cap markets, the volume of securities listed on the stock exchange is relatively less, and therefore market downturns are more significant and rapid than on large-cap markets. The net asset value of the fund can therefore fall more rapidly and more sharply.

Risk arising from discretionary management: Yes

The discretionary management style applied to the fund relies on stock selection. There is a risk that at any given point in time ECHQUIER AGRESSOR will not be invested in the best-performing stocks. The fund's performance can therefore fall below the investment objective. The net asset value of the fund can also show negative performance.

Interest rate risk: Yes

ECHQUIER AGRESSOR has exposure of no more than 25% to fixed-income products. The net asset value of the fund can fall if interest rates rise.

Credit risk: Yes.

Up to 25% of the fund is exposed to money market instruments or bonds. The credit risk corresponds to the risk of a private issuer's credit quality falling or the issuer defaulting. The value of the debt securities or bonds in which the fund is invested can fall, causing a reduction in the fund's net asset value.

Currency risk: Yes.

This concerns the risk of a decline in investment currencies relative to the portfolio's benchmark currency, the euro. If a currency falls relative to the euro, the fund's net asset value could fall.

► **Investors concerned and typical investor profile:**

Investors concerned:

- **Echiquier Agressor units:** All investors
- **Echiquier Agressor G units:** Dedicated to marketing by financial intermediaries other than the management company
- **Echiquier Agressor I units:** intended essentially for institutional investors.
- **Echiquier Agressor Partage units:** All investors, donation unit.

Typical investor profile:

The fund is aimed at individuals and institutional investors who are aware of the inherent risk in holding units in such a high-risk fund due to its investments in European equities.

ECHQUIER AGRESSOR can be used as an investment medium for unit-linked individual variable-capital life-insurance contracts.

ECHQUIER AGRESSOR may be used to back investments in funds managed by LA FINANCIERE DE L'ECHQUIER.

The fund may invest in UCITS managed by LA FINANCIERE DE L'ECHQUIER.

The amount that may reasonably be invested in ECHQUIER AGRESSOR depends on the unitholder's individual circumstances. Prospective investors are advised to take into consideration their personal and professional assets and wealth, their cash needs at present and over the next 5 years, as well as the degree to which they are willing to accept equity-market risks. They are also strongly advised to diversify their investments sufficiently to not expose them solely to the risks of this fund.

Recommended investment period: more than 5 years

► **Methods for determining and allocating distributable sums:**

Net income allocation: accumulation. The asset management company has chosen the accumulation. The net income is fully capitalized on an annual basis.

Net gain realized allocation: accumulation. The asset management company has chosen the accumulation. Net gains realized are fully capitalized on an annual basis.

► **Characteristics of units:** (denomination currency, division etc.)

ECHQUIER Agressor, ECHQUIER Agressor G and ECHQUIER Agressor I units are denominated in EUR and decimalised in thousandths.

The ECHQUIER Agressor Partage unit is a donation unit. The portion of management fees exceeding 1.50% is paid over by the management company to Fondation Financière de l'Echiquier under the auspices of Fondation de France. Performance fees are wholly paid over to Fondation Financière de l'Echiquier under the auspices of Fondation de France.

The management company may enjoy a tax credit for any donations made to this foundation.

The initial value of an Echiquier Agressor unit is fixed at 95,28 euros.
The nominal value of an "Echiquier Agressor G" unit is fixed at 1 110,28 euros.
The nominal value of a unit I is fixed at 1000 euros.
The nominal value of an Echiquier Agressor Partage is fixed at 1000 euros.

► **Subscription and redemption conditions:**

Subscriptions and redemptions are admissible in thousandths of units.

The minimum initial subscription for ECHIQUIER Agressor I units is EUR 1,000,000, with the exception of the management company, which may acquire a single unit. Subsequent subscriptions may be made in thousandths of units.

Subscription and redemption applications are centralised each trading day before 12 noon with the custodian:

BNP PARIBAS SECURITIES SERVICES
Les Grands Moulins de Pantin
9, Rue du Débarcadère
93500 Pantin

and are executed on the basis of the next net asset value calculated on the closing price on the day that the applications are cleared. Subscription and redemption applications received after 12 noon are executed on the basis of the net asset value following that mentioned above.

In some countries different subscription terms may apply other than the single one-time option. For Italy, the subscription terms are indicated in the "subscription notice".

Net asset value is calculated on every Paris stock exchange trading day.

In application of article L. 214-8-7 of the French Monetary and Financial Code, the redemption by the fund of its units, as well as the issue of new units, may be temporarily suspended by the management company where required by exceptional circumstances and in the interests of the unitholders.

The net asset value is reported on the management company's website (www.lfde.com).

► **Fees and Commissions:**

(*) The fund may invest up to 10% in fund units or shares, whose maximum management fees are 2.392%. For further information, please contact the management society.

Fund management contributions due according to article L. 621-5-3 d), 3°,II of the Financial and Monetary Code are charged to the fund.

Outperformance commission calculation method:

Variable management fees are charged and accrue to the management company on the following basis:

- 20% incl. taxes of the performance above the benchmark.
- The provision for variable management fees is adjusted each time net asset value is calculated, on the basis of 20% including taxes of the fund's outperformance against the MSCI EUROPE index, calculated with dividends reinvested. If the fund Fees charged to the fund underperforms the benchmark, this provision is adjusted in the form of a reversal. A provision reversal may not exceed the value of the provision.
- Outperformance is calculated for the first time as of the date that the Agressor Partage units is launched, on the basis of a benchmark net asset value established on the same date.
- Variable management fees charged by the management company are paid annually, on the last trading day of December. The outperformance commission calculation period will be the financial year of the fund, with the exception of the first financial year of the units, for which the reference period will be the period between the unit creation date and the financial year-end date. Variable management fees are chargeable only if the net asset value at the end of the year is higher than the initial nominal value for the first year, and on the net asset value at the start of the year for subsequent years. In the event a unit is redeemed and a provision for variable management expenses exists, the part proportional to the units reimbursed is paid to the fund management company.

III. Commercial Information:

Requests for information and documents relating to the fund may be addressed directly to the management company:

LA FINANCIERE DE L'ECHIQUIER
53, avenue d'Iéna
75116 Paris
www.lfde.com

The net asset value of the fund is available from the management company itself upon request or on the company's website.

Fund unitholders may obtain additional information from the company's website (www.lfde.com) relating to consideration given in La Financière de l'Echiquier's investment policy to environmental, social and quality of governance criteria.

Professional investors subject to prudential requirements (Solvency II) may ask the Management Company for funds' assets portfolios. Communication of such information shall be managed in accordance with regulators provisions.

Investment restrictions

The Units have not been, and will not be, registered under the U.S. Securities Act of 1933 or qualified under any applicable U.S. state statutes, and the Units may not be transferred, offered or sold in the United States of America (including its territories and possessions) or to or for the benefit of, directly or indirectly, any U.S. Person (as defined in Regulation S in the U.S. Securities Act of 1933), except pursuant to registration or an applicable exemption.

The fund is not, and will not be, registered under the 1940 Act, and investors will not be entitled to the benefit of registration under the 1940 Act. Any resales or transfers of the Units in the U.S. or to U.S. Persons may constitute a violation of U.S. law and requires the prior written consent of the Company. The Company, however, reserves the right to make a private placement of its Shares to a limited number or category of U.S. Persons. Any resales or transfers of the Shares in the U.S. or to U.S. Persons may constitute a violation of U.S. law and requires the prior written consent of the management company of the FCP.

Applicants for Units will be required to certify in writing that they are not U.S. Persons.

The management company of the fund have the power to impose restrictions on the unitholdings by and consequently to redeem Units held by, or the transfer of Shares / Units to, any U.S. Person. Such power covers any person who appears to be in breach of the laws or requirements of any country or government authority, or by any person or persons in circumstances (whether directly or indirectly affecting such person or persons, and whether taken alone or in conjunction with any other persons, connected or not, or any other circumstances appearing to the management company of the fund to be relevant) which, in the opinion of the management company of the fund might result in the fund suffering any disadvantage which the fund might not otherwise have incurred or suffered.

The Units have not been approved or disapproved by the SEC, any state securities commission or other U.S. regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of this offering or the accuracy or adequacy of these offering materials. Any representation to the contrary is unlawful.

Unitsholders are required to notify the fund immediately in the event that they become U.S. Persons. Unitholders who become U.S. Persons will be required to dispose of their Shares / Units at any time to non-U.S. Persons. The fund reserves the right to repurchase any Shares / Units which are or become owned, directly or indirectly, by a U.S. Person or if the holding of the Units by any person is unlawful or detrimental to the interests of the fund.

IV. Investment rules:

Regulatory ratios applicable to the fund: The legal investment rules applicable to the fund are those that govern UCITS-compliant funds investing less than 10% of their assets in other such funds, as well as those applicable to its AMF classification "EU-COUNTRY EQUITIES".

The fund has adopted the commitment method for the calculation of its overall risk.

V. Asset valuation and accounting rules:

V-1 - Asset valuation rules

A - Valuation method

- Financial instruments and securities traded on a regulated market are valued at market price.

Notwithstanding this, the instruments below are valued using specific methods:

- European equities and bonds are valued at the closing price, and foreign securities are valued at the last known price.
 - Debt securities and equivalent negotiable instruments which are not involved in significant transactions are valued using an actuarial method. The rate used is that applied for issues of equivalent securities plus or minus, where necessary, a differential representative of the intrinsic characteristics of the issuer.
However, negotiable debt securities with a residual maturity of 3 months or less, in the absence of a particular sensitivity, may be valued using the straight-line method.
 - Negotiable debt securities with a maturity of less than 3 months are valued at the purchase negotiating rate. The amortisation of the premium or the discount is applied on a straight-line basis over the term of the negotiable debt security.
 - Negotiable debt securities with a maturity of more than 3 months are valued at market rate.
 - Units or shares of funds are valued at the last known net asset value.
 - Securities coming under temporary purchase or sale agreements are valued in accordance with the regulations in force, based on the terms of the original agreement.
- Financial instruments not traded on a regulated market are valued by the management company at their probable trading value.
 - Warrants or subscription certificates obtained free of charge during private placements or capital increases are valued as of their admission to a regulated market or the organisation of an over-the-counter market.
 - Contracts:
 - Futures are valued at the settlement price and options are valued on the basis of the vehicle used.
 - The market price for futures is equal to the price in EUR multiplied by the number of contracts.
 - The market price for options is equal to their conversion into the underlying equivalent.
 - Interest rate swaps are valued at market rate, in accordance with the contractual provisions.
 - Off-balance-sheet transactions are valued at market price.
 - Financial instruments for which a price has not been recorded on the valuation date, or for which the price has been adjusted, are valued at their probable trading value by the Board of Directors of the management company. The auditor will be provided with these valuations and their justification when it carries out its audits.

B - Practical methods

- Shares and bonds are valued on the basis of prices taken from the Finalim and Bloomberg databases, depending on their listing market. The research options are completed by Télékurs' "Fin'xs" and Reuters' "Securities 3000":
 - Asia-Oceania: taken at 12 noon for a quotation at the closing price of that day.
 - America: taken at 9 a.m. for a quotation at the closing price of D-1.
taken at 4.45 p.m. for a quotation at the opening price of that day.
 - Europe excluding France: taken at 7.30 p.m. for a quotation at the closing price of that day.
taken at 2.30 p.m. for a quotation at the opening price of that day.
 - France: taken at 9 a.m. for a quotation at the price of D-1.
taken at 12 noon and 4 p.m. for a quotation at the opening price of that day.
 - Contributors: taken at 5.40 p.m. for a quotation at the closing price of that day.
taken at 2 p.m. for a quotation subject to the availability of prices.
- Positions on the futures markets at each net asset value are valued on the basis of the settlement prices of that day. Positions on the options markets at each net asset value are valued according to the principles used for the underlying.
 - Asia-Oceania: taken at 12 noon
 - America: taken at 9 a.m. on D+1

V-2 - Accounting method

- The accounting method used for recording income from financial instruments is the 'coupons received' method.
- The accounting method for recording transaction fees is exclusive of expenses.

VI. Compensations:

The asset management company's compensation policy is fully compliant with a prudent and efficient risk management. It does not encourage taking risks which might be inconsistent with the risk profiles, regulation or constitutive UCITS documents managed by the asset management company.

The asset management company's compensation policy is fully compliant with the economic strategy, objectives, values and interests of the asset management company as well as UCITS managed by the same asset management company. The asset management company's compensation policy is also fully compliant with the economic strategy, objectives, values and interests of UCITS investors. This policy incorporates tailored measures to prevent potential conflicts of interests. The compensation policy has been set up in order to:

- Provide an active support to the asset management company's strategy and objectives
- Provide an active support to the asset management company's competitiveness on its operating markets
- Ensure the development, attractiveness as well as the retaining of highly skilled and motivated employees

The asset management company's employees perceive a compensation that includes a fixed remuneration as well as a variable remuneration. These two compensations are duly balanced and are subjected to a careful annual review based on both individual and collective performance.

The founding principles of the compensations policy are revised on a regular basis with regards to legislation changes. The compensation policy has been duly approved by the asset management company's Board of Directors.

Details regarding the compensation policy are available online on the following website: www.lfde.com. A written copy of the compensation policy is available for free on demand.

LA FINANCIERE DE L'ECHIQUIER

RULES FOR THE ECHIQUIER AGRESSOR MUTUAL FUND

TITLE 1 – ASSETS AND UNITS

Article 1 – Co-ownership units

The rights of the co-owners are expressed in units, with each unit representing the same fraction of the fund's assets. Each unitholder has a right of co-ownership of the fund's assets in proportion to the number of units held.

The duration of the fund is 99 years from the date of its creation, except in the event of its early dissolution or extension as provided for in these rules.

Unit classes:

The characteristics of the various unit classes and their access conditions are specified in the fund's prospectus. The various share classes may:

- Benefit from different methods of income distribution; (distribution or capitalisation)
- Be denominated in different currencies;
- Have different management fees;
- Have different subscription and redemption fees;
- Have a different nominal value;
- Include systematic total or partial risk hedging, as set out in the prospectus. Said hedging is provided by means of financial instruments, thus minimising the impact of hedging transactions on other unit classes in the fund;

Be restricted to one or more sales networks.

The fund has scope to amalgamate or divide its units.

The fund management company's board of directors may decide to divide the units into tenths, hundredths, thousandths or ten thousandths, known as fractions of units.

The rules governing the issue and redemption of units are applicable to fractions of units whose value will remain proportional to the value of the unit that they represent. All other rules pertaining to units apply to fractions of units without it being necessary to specify this, except where stipulated otherwise.

Lastly, the fund management company's board of directors may decide to divide units by creating new units that are allocated to unitholders in exchange for old units.

Article 2 – Minimum asset amount

No units may be redeemed if the assets of the fund (or a sub-fund) fall below EUR 300,000. If the assets remain below this threshold for thirty days, then the management company shall make the necessary provisions to wind up the fund in question, or to perform any of the operations referred to in Article 411-16 of the General Regulation of the AMF (fund transfers).

Article 3 – Issuance and redemption of units

Units may be issued at any moment at the request of unitholders, based on their net asset value plus subscription fees, where applicable.

Redemptions and subscriptions are executed according to the terms and conditions defined in the prospectus.

The mutual fund units may be listed on an official stock exchange according to prevailing regulations.

Subscriptions must be fully paid up on net asset value calculation day. They may be paid in cash and/or by transfer of financial instruments. The fund management company has the right to refuse the proposed securities and, to this effect, has a period of seven days from their submission to communicate its decision. In the event of acceptance, the proposed securities are valued according to the rules set out in Article 4 and the subscription is executed on the basis of the first net asset value following said acceptance.

Redemptions are paid solely in cash, except in the event of the fund's liquidation and where unitholders have indicated that they agree to be reimbursed in securities. Redemptions are settled by the issuance account holder within five days of the unit valuation.

In exceptional circumstances, however, if reimbursement requires assets included in the fund to be realised beforehand, this period may be extended to up to 30 days.

Except in the event of inheritance or an *inter vivos* gift, the sale or transfer of units between unitholders, or from unitholders to third parties, is treated as a redemption followed by a subscription; in the case of a third party, the amount of the sale or transfer must, where appropriate, be topped up by the beneficiary so as to attain at least the minimum subscription required by prospectus.

In application of Article L. 214-8-7 of the French Monetary and Financial Code, the redemption by the fund of its units, as well as the issue of new units, may be temporarily suspended by the management company where required by exceptional circumstances and in the interests of the unitholders.

When the mutual fund's net assets are lower than the amount set out in the rules, the redemption of units is not permitted.

Possibility of minimum subscription conditions, as set out in the prospectus.

The fund may cease to issue shares, pursuant to paragraph two of Article L. 214-8-7 of the French Monetary and Financial Code, in objective situations entailing the closure of subscriptions, such as the issue of a maximum number of units or shares, a maximum amount of assets achieved or the expiry of a determined subscription period. Said objective situations are set out in the fund prospectus.

Article 4 – Calculation of net asset value

The net asset value of units is calculated by applying the valuation rules set out in the prospectus.

TITLE 2 – OPERATIONS OF THE FUND

Article 5 – Management company

The management company manages the fund in accordance with the objective defined for the fund.

The management company acts solely in the interest of the unit-holders at all times and is solely entitled to exercise the voting rights attaching to the securities held by the fund.

Article 5b – Operating rules

The instruments and deposits eligible for the fund's assets, together with the investment rules, are described in the prospectus.

Article 6 – Depository

The custodian carries out the missions entrusted to it, pursuant to the legal and regulatory provisions in force, as well as those contractually assigned to it. It must notably satisfy itself as to the legality of all the decisions taken by the portfolio management company. Where necessary, it must take whatever precautionary measures are required. In the event of a dispute with the management company, it shall inform the AMF.

Article 7 – Auditor

Subject to approval by the AMF, the fund management company's board of directors appoints an auditor for six financial years.

The auditor carries out the controls and preparatory work provided for by law. Upon each audit, it certifies the true and fair nature of the accounts and of the accounting material contained in the management report.

The auditor may have its mandate renewed.

The auditor must promptly notify the AMF of any information or decision relating to the undertaking for collective investment in financial instruments of which it became aware in the course of its duties, and which could:

- 1) Constitute a breach of the laws or regulations governing this undertaking, and which may significantly affect its financial position, results or assets and liabilities;
- 2) Adversely affect the operations or its ability to continue as a going concern;
- 3) Give rise to qualifications or a refusal to certify accounts.

The auditor shall supervise the valuation of assets and the calculation of exchange ratios for conversions, mergers or spin-offs.

The auditor shall assess all contributions in kind as part of its responsibilities.

It shall check the asset allocation and other items prior to publication.

The auditor's fees are agreed jointly with the board of directors or management board of the management company on the basis of an audit plan detailing the work deemed necessary.

The auditor shall certify the financial statements used to calculate interim dividends.

The auditor's fees are included in the management charges

Article 8 – The accounts and management report

At the end of each financial year, the fund management company prepares the summary accounting documents and a report on the management of the fund during that financial year.

The inventory is certified by the depository and all of the above documents are audited by the auditor.

The fund management company keeps these documents available to unitholders in the four months following the end of the financial year and informs them of the amount of revenues to which they are entitled. The documents are either sent by mail at the express demand of unitholders or made available at the fund management company's premises.

TITLE 3 – METHODS FOR APPROPRIATING INCOME

Article 9 – Procedures for allocating income and distributions

Net income for the financial year is equal to the amount of interests, arrears, dividends, premiums and bonuses, directors' fees and all proceeds relating to securities in the fund's portfolio, plus the proceeds of sums temporarily available and less management fees and borrowing costs.

The sums distributable are equal to

- The net income for the financial year, plus retained earnings and plus or minus the balance of revenue accrual accounts related to said financial year.
- The realized gains excluding fees minus realized capital losses excluding fees, observed throughout the fiscal year, plus same nature net gains observed throughout past fiscal years which were not subject to an accumulation and minus and plus the balance of gains accrual accounts

The asset management company decides for distributable sums allocation (incomes and realized net gains). Distributable sums are fully capitalized excluding those which are subject to a compulsory distribution in compliance with the law.

Title 4 - MERGERS - DEMERGERS – WINDING UP – LIQUIDATION

Article 10 - Mergers - Demergers

The management company may either contribute some or all the assets in the fund to another UCITS, or else split the fund into two or more other funds.

Such mergers and demergers may only be carried out after serving the unit-holders notice. Such transactions entail issuance of a new attestation stipulating the number of units held by each unit-holder.

Article 11 – Dissolution – Extension

If the assets of the fund (or a compartment, where applicable) stand at less than the amount set in Article 2 above for thirty days, the management company shall notify the Autorité des Marchés Financiers and wind up the fund (or the compartment, where applicable), unless there is a merger with another fund).

The management company may wind up the fund (or a compartment, where applicable) early. It notifies the unit-holders of its decision and no longer accepts orders for subscriptions or redemptions as of that date.

The management company also winds up the fund (or a compartment, where applicable), if an order is received for the redemption of all the units, if the depositary stops performing its function and no other custodian has been named, or if the duration of the fund expires, unless it has been extended.

The management company notifies the Autorité des Marchés Financiers by letter of the winding up date and procedure chosen. It then sends the auditor's report to the Autorité des Marchés Financiers.

The management company may decide to extend the duration of a fund with the consent of the depositary. Its decision must be made at least three months before the scheduled duration of the fund expires and the unit-holders and Autorité des Marchés Financiers must be notified.

Article 12 – Liquidation

If the fund is wound up, the management company or the depositary acts as liquidator. Failing that, a court appoints a liquidator at the request of any interested party. For this purpose, they are vested with the most extensive powers to realise the assets, pay off any creditors and distribute the available balance to the unit-holders in cash or securities.

The auditor and the depositary continue to perform their functions until the end of the liquidation operations.

TITLE 5 - DISPUTES

Article 13 - Jurisdiction - Address for service

Any disputes relating to the fund that may arise during the term of the fund or upon its liquidation, either between unit-holders, or between unit-holders and the management company or the depositary, shall be subject to the jurisdiction of the competent courts.
